**Von Julie A. Richman : Slave to Love (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Slave to Love (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.  
DurchschnittVon MinelliDas war Durchschnitt, mehr nicht. Mit hat sehr gefallen, dass Sierra eine erfolgreiche  
Geschftsrau ist, die sich nicht unterkriegen lsst und auch nichts gefallen lsst.Das Ende war mir zu abrupt. Ich habe  
nicht verstanden um was es jetzt ganz genau bei der Konferenz ging und ich glaube es wurde auch nicht gesagt wer  
warum angegriffen hat. Und ehrlich gesagt finde ich hat diese ganze Sequenz da nicht reingepasst. Auerdem hrt Sierra

am Ende die Geschichte des Bruders und dass Hale ihr das Leben gerettet hat und alles ist wieder gut? Hab ich nicht verstanden. Die XXX-Szene (es gab genau eine, was relativ wenig ist wenn man bedenkt, dass das halbe Buch ber nichts anderes gesprochen wird) war langweilig. Daher Durchschnitt, aber fr zwischendurch in Ordnung.

Kurzbeschreibung There are risks to mixing business with pleasure...IF A MAN HAS AN AFFAIR AT WORK, HE'S A STUD. He was a royal prick. The night we met, he ignored me. Then Mr. Big Shot CEO grabbed my ass in a business meeting. My boss just loaned me out to this guy. Now, were working on a major project together. And our chemistry is dangerous. Combustible. If I allow it to ignite, Ill risk losing that promotion. Worse, what if I lose myself in him? IF A WOMAN HAS AN AFFAIR AT WORK, SHE'S A SLUT. From the moment I saw her I knew she was trouble. It was the combination of her fresh face, smart mouth and nipples that seemed to know my name. This woman could satisfy my needs both in the boardroom and the bedroom. But there was more to it than that. I wanted her. Really wanted her. And I was in the position to change the course of her life. But Ive got secrets, secrets that could destroy her. And either make her mine or drive her away forever. (This is a standalone novel). \$3.99 Release Sale! Grab your copy now at this price, regularly \$4.99.
