stars - crazy as always :) Von Katzenjammer123 "Slightly Irregular" is a book I waited on for a long time. So of course my expectations were, as often, pretty high. Especially because I'm a big fan of the other books in the FAT mystery series. They always manage to make me laugh out loud. I'm happy to say that this time everything I expected and wanted was delivered by the book. The book, as all the others in the series, was highly entertaining and made me laugh smile a lot. Finley is, as usual, trying to score good deals on ebay, spending too much money on clothes and other pretty things, trying to work as little as possible and trying to not get crazy about meeting her very critical mother. So business as usual for Finley. :) And as usual Finley stumbles right into the middle of a dangerous situation. When a coworker of her starts to act weirdly and other unusual things happen, Finley feels the need to start a little investigation of her own. An investigation that could be deadly. With the help of her three friends (I love all of them), Liam, the sexy PI who loves to play games with Finley and her sexy boss Tony, Finley tries to solve yet another mystery. The end of the book seemed a bit abrupt to me, I would have liked some more pages to explain things. But other than that I loved reading "Slightly Irregular". I didn't mind that Finley is still standing between two men, something I normally hate. For once it wasn't her fault that nothing sexy happened between her and Liam. And btw, so far it's not a love triangle, but more of an interest triangle. After reading this book I started to like Tony a bit more, especially because I loved reading about the relationship between his daughter Izzie and Finley. I'm still Team Liam, but he needs to start sharing some private things with Finley soon, because I don't think that her patience will last much longer. So I hope that the next book in the series will bring some new developments in Finley's love life. Other than that I hope Finley will stay the same and will continue to do whatever she wants. If you are interested in reading this series, I would recommend to start with the first book. Otherwise you miss too much info on Finley and her life.

Kurzbeschreibung Kidnapping is so last season. Couture-conscious paralegal Finley Anderson Tanner knew it was risky to break her cardinal shopping rule never pay full price for a last-minute date with her gorgeous new boss, but the hidden costs of her little black dress have put her whole life in the red. After the romantic evening turns into a disaster thanks to impossibly sexy and utterly infuriating private eye Liam McGarrity, Finley finds herself down two thousand dollars and out two potential boyfriends. Naturally, she turns to eBay. To help pay off her debt, she tries to sell the vintage pageant jewelry she received for doing law partner Ellen Lieberman a favor. But when Finley's best friend abruptly disappears while helping to wrap up the auction, Finley fears the worst. Does frumpy Ellen have a sinister double life as a beauty queen? Is the auction's high bidder, Tiara64, more suspicious than her name suggests? Can Finley possibly hunt for clues without irresistible Liam swooping in to bail her out of trouble . . . again? Rhonda Pollero's hilarious new novel featuring fashionista crime-fighter Finley Anderson Tanner is the must-have mystery of the season.
