at all, but she's done better
Von Detra Fitch
Mr. Tobias March was a professional when it came to discreetly collecting information. His current client, Lord Neville, had him locating a diary. It had belonged to the valet of a cutthroat named Carlisle. Carlisle was a former member of the Blue Chamber, a notorious crime group that once had connections throughout England and Europe. Now only one person lived from the former group. The diary held that name. Widow Lavinia Lake had not known Carlisle was using her small shop in Italy for a drop-off point. Mr. March broke everything in the shop, shipped her and her niece, Emeline, to England, and then expected her to be grateful he had ruined her business! Lavinia quickly began a business of collecting information as well. After all, she had to have some way of getting money for rent and to help Emeline find a suitable husband! It was not long before Lavinia and March met again. Both wanted the diary for different reasons. Neither trusted the other. Each were strongly attracted to the other. Someone was out to stop them from their investigations no matter the cost. Yes, they were both in deep trouble! **** Well written mystery, but too easy to figure out. Even so, the book is so full of adventure and danger that it will definitely hold onto the attention of all its readers until the very end. Recommended! ****

Von Kindle-Kunde
Ein wunderbar und witzig geschriebenes Buch. Alle die humorvolle Histrocal Romance Bcher lieben, kommen hier voll auf ihre kosten. Fazit : Sexy, witzig und ein wunderbarer Zeitvertreib

Kurzbeschreibung
Amanda Quick's bestselling trademark is a combination of suspense and passion in historical tales alight with sparkling wit and brimming with dangerous intrigue. Now she serves up the most tantalizing novel of her career as an enterprising woman allies herself with a mysterious spy, only to be caught in a seething brew of treachery and temptation....
From the moment he burst into her antiques shop in Rome, Lavinia Lake knew the stranger was nothing but trouble. He said he was in pursuit of a killer. He swore he was only trying to save her. Yet no matter what he claimed, Lavinia was convinced that Mr. Tobias March was bent instead on destroying her. And when the self-described spy hustled her and her niece out of the shop and back to England, Lavinia could only hope that one day she would find a way to repay Mr. March in full. But Lavinia never imagined the shocking circumstances under which they would meet again ... or that soon he would become more deadly and more compelling with each passing day.
In the business of making private inquiries, Tobias March had been hired to trade down a powerful villain who even now was intent on assuming control of a vast criminal organization. Yet in his search he had found nothing but one dead end and one dead body after another. And then, just as his investigation was heating up once more, he found his mission and his life complicated by the most ungovernable, unpredictable, exasperating woman he had ever met. Faced with a tangled web of deceit and danger, Tobias had no choice but to form a partnership with Lavinia, a lady whose past could only be described as slightly shady. Yet when he persuaded her to become his associate, neither Tobias nor Lavinia realized that their heated disputes would spark a sizzling desire or that the deeper they kept digging for the truth, the deeper they were digging their own graves....
From the Hardcover edition.

There's something Slightly Shady about Lavinia Lake. First of all, no decent woman would go into trade, even when an unscrupulous employer leaves her stranded abroad with her young niece. But the capable Lavinia has landed on her feet, peddling dubious reproductions of ancient artifacts in Rome to earn passage home. When a madman ransacks her shop, accusing her of aiding and abetting a murderous gang of thieves, Lavinia and her niece Emeline return to London, where Lavinia once more takes lemons and makes lemonade, becoming a private investigator. In the course of her first discreet inquiry for a wealthy aristocrat with secrets to hide, Lavinia runs into her madman once more, standing over the recently deceased body of a blackmailer. Not exactly your usual beginning for a relationship, but Mr. Tobias March is hardly an ordinary man. In fact, he's quite extraordinary, Lavinia very reluctantly admits to herself. When threats to Lavinia's safety force her into an unlikely partnership with the mysterious Mr. March, the fur--and a petticoat or two--flies. A heady combination of passion and the shared thrill of the hunt for a depraved murderer may lead Lavinia and Tobias to form a partnership of a more permanent kind. Lively suspense with a healthy dose of passion, Amanda Quick's Slightly Shady is truly addictive storytelling. --Alison Trinkle.com
