Do yourself a favor - read it! :)Von PerfectlyImperfectThis was my first "Ella James" book and as the title description said "it wrecked me". In a good way of course. This story was interesting and fun and secretive and special and amazing

and honest and everything I hoped for. I loved the writing and the tone of the characters. I fell in love with both of them once I started it. One of my favorites of 2015. You better not miss out on this heart-wrenching story. Thank you Ella, you got yourself a new fan! :-*0 von 0 Kunden fanden die folgende Rezension hilfreich. Sloth Von MicAMAZING !!! Absolut WOW factor and I love this book ! The story is amazing ! This whole very intelligent woven net about the connected relationship between the main characters...perfect..and everything reveals slowly throughout the story, at the right times. I could not predict the story, it was very well written. I loved this connection, even if they did not know it themselves. I loved their big hearts and I loved this heart wrenching story. Wonderful, emotional, very sexy and steamy...Everything was perfect. 5 and more stars from me !

Kurzbeschreibung Dear A. I am writing to express my gratitude for your gift. There are no sufficient words, but please accept my sincerest thank you. Yours,R. She writes me back. I didnt expect that. She tells me shes a lover of chicken pizza and video games, a hot sorority girl with the nickname Sloth. She wants to know something about me in return. She says I owe her. This is how she saves my life. She doesnt even know it. Weve never even seen each other. But I need a reason. Just one reason to continue. She becomes mine. The anonymity is good. She doesnt need to know me, but I need her kindness. We both live our lives: a letter here, a post card there. For three years, I escape my demons. And then one day Im pulled back in. Ive resigned myself to what I know is coming. Until the girl Im spanking gives her safe word: Sloth. And then the lie Im living starts to unravel. --Sloth is a 500-page, 150,000-word stand alone novel with many twists, one huge secret, and a non-cliffhanger ending. It will wreck you, but you'll like it. BTW: Part of the fun of reading this book is trying to guess the secret. I would appreciate it if you could avoid spoilers in reviews and review headlines, so others will be able to enjoy the guessing game.*Sloth is part of a collection of stand-alones inspired by a sin, and centered around a terrible secret. The second stand-alone, My Heart for Yours, is inspired by the sin of murder, and is the story of Kellan's oldest brother, Barrett Drake. It's free via Kindle Unlimited and also for sale here in the Kindle Store.*This book was updated and re-edited in fall 2017, and now includes a bonus story.
