the other six. And now I'm waiting for number 8 impatiently ...

Konkurrenz für "Walking Dead" Von Misch Melanie Ich habe alle Bücher dieser Reihe gelesen; das allein spricht wohl für sich da ich alle gleich gut finde, steht bei jedem Buch das Gleiche: hat alles, was man sich von einem "Zombie-Buch" erwartet und noch mehr. Neben jeder Menge Spannung, gibt es facettenreiche Charaktere, psychologischen Tiefgang und Dialoge mit Wortwitz. Zudem sind die Charaktere lernfähig und entwickeln sich weiter.

This is one of them - well, as were the others in the series. As always, it was really hard to put down the book. I can't wait for Zed's and Murphy's next adventures. Please Bobby Ardair, hurry up!

Kurzbeschreibung Kill the infection! Kill the Infected! In the aftermath of the battle for Monks Island, Murphy has been nursing Zed back to health in a remote house at the west end of the lake. But every day they see helicopters cross the sky, heading south and then back north again. Zed wonders if the helicopters are proof that not all civilization has collapsed. He convinces Murphy to seek out the place where the helicopters are landing so they can find the answer to that question. What they find at the end of their journey is both more dangerous and hopeful than either would ever have guessed.
