Fast Read!Von Mina MeckelOkay, first of all, the title might be missleading but this book is a fast read because of two things :It's pace and it's plot...I came across the first book in one of those bundles that you can buy here : "This is the

End." There was a bunch of zombie/apocalypse related stuff in there but this book was BY FAR the best one of them. So I finished the first one and instantly bought the rest of the series 2-6. All of them are brilliantly written and the author did an amazing job.+ Good zombie action! Those zombies aren't all stupid, in fact you will be in for a bunch of surprises that'll leave you thinking "What the...?!" + Fast read ... because it's somewhere near impossible to put these down. I mean it... English is NOT my native tongue and I've read all sic books somewhere between three to four days.+ Characters. Whilst the protagonist is a sociopath and you do sometimes question what he's doing ... he's brilliantly written. Not only does Adair manage to get the different characters across convincingly, their actions even make sense...from their perspective! Zed WILL often do stuff that'll leave you questioning his state of mind but he does them in-character... It's just the way he thinks and acts.+ The Plot. Doesn't get boring...there wasn't one page that I skipped because it was boring, or Adair was describing so much of the landscape...no. Every.single.page captured me in one way or the other.+Group dynamics. Much like my absolute favourite 'The Walking Dead' this series doesn't only tell you the story of human-devouring-zombies, but also like humans interact with each other... Especially in the case of Zed a very interesting process that I observed closely! Like mentioned above , he's a sociopath and a loner and not quite capable of understanding all human emotions or sometimes empathy.+ Zombies! Again...SO MANY ZOMBIES! It's amazing! And I like how Adair explains the whole 'problem' that you have at hand with the fever and so on.- Length... I NEED MORE BOOKS!- Stereotypes ? Some people might criticize that (especially?) the girls in the book are a tad stereotypical... I agree...to a certain extent you can argue that the girls are sidekicks at best ... Not to start a whole debate on feminism and all that (I'm a girl myself) BUT this is a ZOMBIE NOVEL... Cheesus... Females are not as physically strong as men (duh!) and so for them to take a backseat in this whole scenario and be more of a support/backup rather than a frontliner DOES MAKE SENSE... Just my humble opinion!So all in all a really nice series! Worth every cent you pay for it.0 von 0 Kunden fanden die folgende Rezension hilfreich. Konkurrenz für "Walking Dead"Von Mnch MelanieIch habe alle Bücher dieser Reihe gelesen; das allein spricht wohl für sich da ich alle gleich gut finde, steht bei jedem Buch das gleiche: hat alles, was man sich von einem "Zombie-Buch" erwartet und noch mehr. Neben jeder Menge Spannung, gibt es facettenreiche Charaktere, psychologischen Tiefgang und Dialoge mit Wortwitz. Zudem sind die Charaktere lernfähig und entwickeln sich weiter.0 von 0 Kunden fanden die folgende Rezension hilfreich. Keep it up because i am INFECTEDVon Robert LodwickThe first book of the series was very well written with developed characters and an interesting story line. It was gripping and difficult to put down,I'm not going to write a page long review, just know that it is a fantastic adventure a very well written and delightful experience, looking forward to the next one

KurzbeschreibungSurvive the infection! Survive the Infected!Slow Burn: Infected picks up the story of Zed, Murphy, and Jerome where Slow Burn: Zero Day ended.All three have all been infected but have not succumbed to the most pernicious symptoms of the virus. They're not the mindless cannibals that most infected are. Nevertheless, their band of survivors, fearful about the virus infections, have ostracized them.Now, back on the street, with weapons to defend themselves but little food in their packs, they embark on a search for Murphys family while following the rumor of a safe haven in the form of a doomsday bunker under a house in east Austin.But the world is more hazardous than they could have guessed. They expect violence from the voracious infected but they have harsh lessons to learn about the lethality of the uninfected. And without people to support the infrastructure of modern civilization, they find that danger comes in many forms.The Slow Burn Zombie Apocalypse SeriesBook 1 Zero Day Book 2 Infected Book 3 Destroyer Book 4 Dead Fire Book 5 Torrent Book 6 Bleed Book 7 City of SinDownload NowKurzbeschreibungSurvive the infection! How is a little kid supposed to know that they only exist in Oz? I'm not a native of any state. I've lived in so many that I see myself as a native American, which works out for me since I am also fractionally a Native American to an improbable, yet significant degree. I lived more than half of my life in Texas and I have a great affinity for Austin. It is a wonderfully diverse city full of interesting people. I now live in Colorado where I enjoy spending my time in the

mountains, cycling, hiking, or walking my dogs. Oh, and writing... I do that too.
