You'll scream in frustrationVon Ein KundeI certainly felt like doing so when the murderer was unveiled. I won't give anything away if for some reason you decide to read this book, but believe me the murderer is the one person who absolutely could not have committed the crime... at least not without more explanation from Pozzessere as to the logistics of the crime. But I went back and checked and double-checked and I'm positive that this was a case of this author's habitual sloppiness with details. Forget this book. It's not worth the frustration.0 von 0 Kunden fanden die folgende Rezension hilfreich. Contemporary romance at it's bestVon Ein KundeDavid and Spencer are not your average lovers. With a long history and wonderful future, there story goes from Miami to Newport. With a killer thrown in it

makes for a wonderful mystery as well! The pereferal characters are wonderful and add much to a great story. Cuddle up with this one on a winters night and before you know it, it will be spring.
