"Slow Burn" ist der erste Band um die Familie Fitzgerald der amerikanischen Autorin Ednah Walters. Mitterweile sind bereits vier weitere Bnde geschrieben und auch der sechste und letzte Band

der Reihe kommt demnächst heraus. Die Fitzgeralds sind eine sehr sympathische Familie, die trotz aller Unterschiede und trotz ihrer sehr eigenen und sehr ausgeprägten Charaktere immer freinander da sind. Als Ashley Fitzgerald versucht, sich ihrem persönlichen Albtraum zu stellen und herauszufinden, was hinter dem Brand steckt, der ihre Eltern und den Vater des Millionärs Ron Noble das Leben kostete. Ron und sie gehen gemeinsam auf die Suche nach Antworten und schon bald merken sie, dass sie nicht nur diese gemeinsame Suche verbindet. Aber leider schlafen auch diejenigen nicht, die die Geschehnisse von damals lieber im Dunkeln lassen wollen.... Was mir hier wieder ausgesprochen gut gefällt, ist die Tatsache, dass alle Personen sehr ausgeprägte und interessante Charaktere haben, die sehr natürlich und sympathisch wirken. Auffällig ist außerdem, dass sie sich alle tatsächlich auch so benehmen, als hätten sie ihren gesunden Menschenverstand nicht an der Garderobe abgegeben, als sie sich verliebten. Ich muss gestehen, dass ich mich einige Zeit gescheut habe, Contemporary Romance zu lesen, weil ich das Gefühl hatte, dass in fast jedem der Mann nach kurzer Zeit programmgemäß anfängt, seinen kleinen Bondage- und Dominanzspielchen zu treiben und ansonsten ebenfalls den Hhlenmenschen heraushngen zu lassen, natürlich nur aus reiner Leidenschaft allerreinsten liebenswerter Eifersucht, während die Frauen dazu da sind, den kleinen Caveman anzuhimmeln und bei jeder passenden und unpassenden Gelegenheit alles falsch zu verstehen und die Flucht zu ergreifen/weinend zusammenzubrechen/ usw. usw. Dies ist hier bei "Slow Burn" definitiv nicht der Fall. Die Charaktere sind Menschen mit einer Vergangenheit, die sie geprägt hat, aber die trotzdem nicht daran zerbrochen sind, sondern ihren Weg gehen, selbstbewusst und auch mit einem gesunden Selbstwertgefühl. Eine spannende Geschichte, fesselnd geschrieben mit tollen, liebenswerten Charakteren - mir hat das Buch sehr gut gefallen und ich freue mich schon sehr auf die anderen Bände der Reihe! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Good story and well developed characters Von Heavenly Good Books I had this book in my library for a long time. I bought it when I started reading Ednah's YA books (Runes and Guardians series), why I haven't read it sooner? No idea. There was always another book that got my attention. I have to admit: the first 50ish pages didn't really sell the book to me. I struggled to get the feeling of the book, but as I am a stubborn person and just hate leaving books half read (even at school I was reading all of them, when they were boring LOL). I stuck with it and I am glad that I did. The book is interesting, we have 2 main characters: an artist that had a tragic accident when she was 15 and lost two most important people in her life and a sexy playboy, whose father was involved in the accident 10 years ago. Ashley, the main female protagonist is an artist who paints erotic acts (sexy as hell straight away!), who doesn't remember what happened 10 years ago when her parents tried to purchase property, Calyle Mansion. She wants to buy it and hopefully put the past where it belongs: in the past. But then she meets, Ronald Noble. Sexy, flirtatious rich man, who wants to reveal the truth behind the accident, where as rumours say, his father was responsible for. He is trying to get close to Ashley and make her remember this traumatic event, even if he will have to seduce her. But what they both haven't thought about are lust and passion they feel straight away. The characters are well developed, but I have to admit I didn't like that the bad guys are revealed so early. I was expecting more intrigue there and more gasping moments. The book is not the best from the author, but I will read the rest of the series as they seem to be interesting. Strong 4 stars as for me.

Kurzbeschreibung A woman afraid to face her painful past. A man determined to make her remember. Unexpected passion. A deadly secret. A common enemy. Some things are better left alone. Sexy, dangerously handsome millionaire playboy and part-time firefighter Ron Noble is used to getting his way, but he's not a happy man. He hides a deadly secret. Now someone else knows his secret and is leaving him clues, which leads him straight to Ashley Fitzgerald's door. Ashley hides behind her art and photography, but every night, nightmares remind her of a past she's forgotten. So when a local playboy appears at her doorstep demanding answers, she must decide whether to continue hiding or face her demons. A fire nearly destroyed their lives before. A different fire will either finish the job or bring them closer together. FROM THE AUTHOR: To my fans, thank you for your support. You have stayed with me through bad editing and revamped covers. Without you, this series would not have become this popular. Expect more Fitzgeralds. I will always strive to publish polished books and that's why I let go of my former editor and had these new versions polished... *hugs* Ednah Walters Kurzbeschreibung A woman afraid to face her painful past.
