Von Lauren Bach : SLOW HANDS (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised SLOW HANDS (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A little mediocreVon Ein KundeWhen you see this title and this cover, you expect good romance with steamy sex scenes. The latter ones weren't all that bad (hence the three stars), the rest of the book lacked a bit. The plot was too elaborate to be really convincing, the romance a tad too predictable (yes, this does exist within romance novels).I liked Ms. Bachs

"Lone Rider" a bit better.

Kurzbeschreibung
ORIGINALLY PUBLISHED 2002...re-released for eBooks
THE GIRL HE LEFT BEHIND Alec Dempsey swore he'd never go back to Freedom, Arkansas. But that was before the A.T.F. special agent learned that Keira Morgan was being targeted by a vengeful ex-con. Seeing her again brings back memories that have haunted him for ten years...memories of first love, first kisses, and Keira in his arms. He walked away once when he was a small-town kid with nothing to offer a young wife. Now he desperately wants her again. But can he get her to trust him? And can he keep her alive? THE MAN SHE CAN'T FORGIVE Danger just strode into town with the same reckless sensuality and killer charm that made Keira fall in love with Alec at eighteen. When he had left her without a backward glance, she had sworn she'd never let him hurt her again. Now Freedom's prodigal son is back, vowing to shield her from danger. But who's going to protect her from the only man who had ever touched her-body and soul?

THE MAN SHE CAN'T FORGIVE Danger just strode into town with the same reckless sensuality and killer charm that made Keira fall in love with Alec at eighteen. When he had left her without a backward glance, she had sworn she'd never let him hurt her again. Now Freedom's prodigal son is back, vowing to shield her from danger. But who's going to protect her from the only man who had ever touched her-body and soul?
Synopsis Alec Dempsey, an undercover ATF agent, returns to his hometown as part of an assignment to recover stolen money from a truck heist. Part of his duties include protecting Keira Morgan, a woman he jilted nearly ten years ago and whom he is certain never wants to see him again. From the instant they met, Keira couldn't see a future with any other man, and when Alec proposed at their senior prom, she agreed to elope with him the next day. But when Alec left town without her and shortly thereafter married someone else, a devastated Keira vowed never to let anyone else close to her heart again. But now a notorious bank robber is seeking revenge for his arrest and is making Keira his target. Will she let Alec close enough to protect her, or will the pain of the past place them both in harm's way?
