Von Julie Cannon : Smoke and Fire (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Smoke and Fire (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The fire burning inside ...Von nschaI really liked the characters and the story. Julie Cannon has done a fine job in setting out the two characters personalities early on, so that we can understand their reactions to situations as they arise. The pace of the story telling is compelling, drawing the reader into the story from the start, so that its difficult to put the book

down, and you find you don't want to. You become invested in the characters and want to see how Nicole and Brady cope with their unexpected affection for each other. I would give it 4,5 stars because it was over way too soon and I would have loved to read more. I got a copy from netgalley for my honest review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Slow burning flame Von Sabrina Pun intended. The story has a great slow build. You can see where the characters are coming from. I always think back stories are important and Cannon surely delivered. Towards the end the story picked up pace and seemed almost rushed. Maybe I was just dreading that my read would come to an end soon. I read it in one sitting, after all. I highly recommend buying the novel. I would like to give 4.5 stars out of 5.0 von 0 Kunden fanden die folgende Rezension hilfreich. Nett für zwischendurch Von green Schnell war ich in der Story drin und hatte auch Gefallen daran gefunden. Ein- zweimal fand ich die bergenge etwas holprig. Gebe 3,5 Sterne.
