Beeindruckend :)Von MariaIch bin normal überhaupt nicht die Fantasy-Buch Leserin, bin nur auf dieses Buch gekommen, weil ich von Samantha Young einen Roman gelesen hatte.Trotzdem hat mich dieses Buch wirklich berzeugt. Ich fand es abwechslungsreich und spannend, weil immer wieder Neues ans Licht kam. Auerdem mag ich es

sehr gerne, wenn ein Buch einen zum mitdenken anregt. Das war hier der Fall, weil die Welt der Jinn und deren Aufbau kompliziert ist. Also: 5 Sterne für ein Fantasy Buch von einer nicht Fantasy Leserin! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fascinating! Von Elodie Colt As a great fan of Fantasy and YA Fiction I do compare very often to my favourite books The Mortal Instruments, Starcrossed or Guardians of the Shadowlands. This book has really captured me as it is a story that I've never read about before. Sure, the supernatural elements are nearly the same, but Jinn and Jinn Kings have never been part of my reading collection before. Although the book is a little too short for my taste (I hardly read because under 500 pages :D) I couldn't stop reading after the second chapter. It's easy to empathize with the characters and the cute love story forces me to read the following books too :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fun read and different story! Von Melanie I bought this book because I loved all of Samantha's books so far. I like her way of writing and making the characters seem so alive and vivid. Although I am not much of a fiction fan this book surprised me and I could not put it down. The first few pages didn't really blow my mind but I convinced myself to keep reading and it was definitely worth it! Let's see how the second book in the series turns out..

Kurzbeschreibung From the New York Times and USA Today Bestselling author of On Dublin Street. Smokeless Fire (Fire Spirits #1) - YA Urban Fantasy Romance FEAR THE HEAT... When eighteen year old Ari Johnson is transported from her bedroom into the chilling realm of Mount Qaf - home to the terrifying and mercurial Jinn - she learns a truth that rocks her very world. Suddenly her anxiety over college and her broken friendship with Charlie seem like small change compared to the war she now finds herself stuck in the middle of. Her unease isn't lessened any by the hot guardian, Jai, who won't stop following her around everywhere - a Jinn whose loyalty Ari hates to question but must. She has no idea who she can trust. When the truth burns through her life in its determination to turn it to ashes, Ari will have to battle with ancient deadly creatures, epic family drama and heart-wrenching romantic entanglements. Scorched Skies (Fire Spirits #2) is available now [ASIN: B007J68J60] Borrowed Ember (Fire Spirits #3) is out now! [ASIN: B008D50NHY] REVIEWS "I am a brand new fan of the world of the Jinn. Samantha Young created one that is unique and alluring and filled with all kinds of secrets that I want answers to... Smokeless Fire is an utterly riveting must read ..." Fiktshun s "I honestly cannot wait for book 2. Smokeless Fire is unique, exciting, yet so real. This book has just enough fantasy, just enough real world, just enough love triangle, just enough strength, just enough laughs. I couldn't put it down and Samantha has definitely found herself a new fan." Shortie Says s "Smokeless Fire makes for a great read. There is no way I won't be grabbing book 2 as soon as it is released! This YA paranormal romance was an awesome story and one I totally recommend you add to your reading pile very soon!" 5/5 Stars - The Slowest Bookworm s "Smokeless Fire is the beginning to an incredible series surely to capture everyone's hearts. The characters are unique and easy to fall in love with. I hate to say that I am team Jai all the way! I totally recommend reading Smokeless Fire and any book from Samantha Young. " Once Upon a Twilight s "This book was jam-packed with everything that I love, a wholly unique premise... a strong (and snarky) female character, equally strong male characters (both of whom were entirely swoon-worthy)... All in all, this is a book that I know I will be rereading time and time again." Avery's Book Nook s "The whole concept of Jinn (Genies) in Smokeless Fire definitely stood out and made it such a wonderful and enjoyable read... I loved all the characters presented in Smokeless Fire, namely Jai, Ari, and Charlie, in that order.. Action packed throughout and leading to a cliffhanger ending will leave readers wanting more! 5/5 Must Read! Highly Recommended!"
