Fresh, funny and excitingVon GemakoFirst off: Even if theres a smoking hot female demon on the cover and even if there are a lot of hot female demons in skimpy cloths in this book (and yes, there is some cuddling between them), this isnt that kind of book. So, if you looking for smoking hot sex you wouldnt find it here, instead you find a genuine and refreshing approach.Teenager Alyce got tricked by a fire demon to swap bodies and is now trapped in a strange and alien world. She is forced to attend some strange academy, a mix of Hogwarts and the Assassins Guild from Discworld, where demons are prepare for a life as soldier for the demon queen. At last the ones that survive, for not making the grade means death.Now a lot could have gone wrong with that kind of storyline but fortunately the author avoids all the usual clichs and turns this book into something fresh and funny. Alyce is not the chosen one foretold to free the world from evil, having to choose between two hot guys/vampires/demons or all that crap most YA books are full off. No, Alyce isnt that kind of boring, predictable heroine. She is no damsel in distress but she isnt some warrior princess either. She adapts fast to her new body and her new world, and just tries to survive the academy and kicks ass when needed.With Smoking Hot, the author created an interesting new world with care too small details like how fire demons clean themselves (sand baths and small portable whirlwinds), sleeping habits and so much more. All this makes it a living, breathing alien world and since Alyce is a fish out of water and tend to sarcasm, it makes for a funny and enthralling read.I sure hope there will be more books of Alyce in Demon land for this one was a pleasant surprise0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungSwapping bodies with a young female demon had not been part of the planned vacation. Nor was having to attend a demonic high school for the magically gifted.When the most magical thing you could do was set your own underwear on fire.Life was not going to be easy, even less so with a painful tail that everyone trod on.Owning a magic sword that always tried to look up your skirt when fighting, was not helpful. But then nor was having a telepathic diary that corrected your thinking instead of your spelling.The Author Amelia Mah is a snarky, sarcastic and cynical author who has a very popular blog of how she sees the world from the point of view of a modern teenage vampire. Following the success of her vampire Novels she has now expanded into Demons and the problems in owning a pair of horns and a tailKurzbeschreibungSwapping bodies with a young female demon had not been part of the planned vacation.
