Von Lindy Zart : Smother (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Smother (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not my cup of tea...Von LittleDarlingAt 35%, I'm officially throwing in the towel.I really tried but I can't click with the writing style. I usually don't mind third person but somehow this doesn't flow for me.And so far, the story just really drags.After one third of the book, I know the heroine has a traumatic past, has an alcohol problem and is a major b#!h.The hero is plain looking except for his tattoos, doesn't speak in full sentences and is hiding something.Yep,

that's all I've learned so far and that's not enough to keep me engaged. I should have believed the blurb that warned me that I won't like the heroine. Yep, you could say that. Although it's more that I don't care about her. Which makes reading the remaining 70% pointless as I simply am not interested in what happens to her. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Something different... Von PerfectlyImperfect I am so glad I finished reading this book. It took me longer than usual because it covers a pretty dark topic, but in the end it was a phenomenal book I wouldn't want to miss out on this one. It showed a completely different side to Lindy's writing style and ability and once I was caught up in it, I couldn't put the book down. It's a book about a young man and a young woman who each struggle with their own fears and pasts but who learn to lean on each other to get through in the end. Thanks again Lindy, you make enjoy reading your books so easy. Love from Germany :)

Kurzbeschreibung You won't like me. I am not the nice girl. I am not your friend. I don't care about you, but most of all, I don't care about me. Go ahead, hate me. We all have secrets. I have them as well dark, terrible secrets. The only time I can breathe is when I forget. I need to be numb. You don't want to know how. But as long as I can breathe, the past cannot smother me.
