Einer der besten Titel von Tom Holt !Von PanascheeDer Titel trgt etwas - es handelt sich hier keineswegs um eine Nacherzhlung der Geschichte von Schneewittchen und den sieben Zwergen, sondern um eine grauenhaft

hirnverbrannte Mixtur aller möglichen Märchen in verschiedensten Handlungsformen. Mir war z.B. bisher nie aufgefallen, dass der Wolf in der Geschichte vom Wolf und den drei Schweinchen der gleiche sein könnte wie der vom Rotkäppchen, der eben nur von Termin zu Termin hetzt...Egal ob man Tom Holt schon kennt oder einfach auf der Suche nach wahnsinnig komischer Unsinnsliteratur ist: Dieses Buch ist ein echter Knaller!

KurzbeschreibungOnce upon a time (or last Thursday, as its known in this matrix) everything was fine: Humpty Dumpty sat on his wall, Jack and Jill went about their lawful business, the Big Bad Wolf did what big bad wolves do, and the wicked queen plotted murder most foul.But the humans hacked, cried havoc, shut down the wicked queens system (mirrors 3.1) and corrupted her database - and suddenly everything was not fine at all. But at least we know that theyll all live happily ever after. Dont we?Computers and fairy tales collide to hilarious effect in the latest sparkling cocktail of mayhem, wit and wonder from the master of comic fantasy..deIt makes perfect sense that Snow White should live with seven samurai, once you've got the hang of Tom Holt's latest twisted fantasy comedy. Youngsters from our real world hack into fairyland's Mirrors(TM) operating system--which naturally runs on the wicked queen's magic mirror--and crash it so disastrously that all the stories get tangled. A spaghetti-western Dwarf With No Name (actually he's Dumpy) is hired to save three little pigs from the big bad wolf by recruiting a Magnificent Seven Dwarves' defence team, starting with Rumpelstiltskin and Tom Thumb but going downhill from there. Meanwhile, Fang the wolf has problems with Frog Prince transformations, Snow White learns from her own mirror that she has excellent wicked-queen potential and Baron Frankenstein's latest unholy creation proves to be Pinocchio. We also meet three colour-blind mice, the Beast fleeing in terror from Beauty, an elf who insists she's an "Indigenous Fairylander" and the Grimm Brothers--unconvincingly claiming that they're mere independent observers. After which, things become really complicated and silly, as Storyland is further fragmented by various mirror-users' efforts to gain control, until it seems quite reasonable that one little pig should find himself saying, "I am not a number. I am a free pig." Splendidly deranged entertainment, with quips galore. Holt's in good form. --David LangfordPressestimmenUniquely twisted ... cracking gags (Rob Grant, THE GUARDIAN)Frantically wacky and wilfully confusing ... gratifyingly clever and very amusing (MAIL ON SUNDAY)Frothy, fast and funny (SCOTLAND ON SUNDAY)Dazzling (TIME OUT)
