Kurzbeschreibung
Gun in hand, trembling as the Arctic wind howls around her, Alanna MacCready watches helplessly as her fated mate, sexy polar bear Alpha Liam Roy, is captured by their enemy. She knows it's a trap, but a choice between doing nothing and saving the man she loves is no choice at all. Some things are worth any risk, at any cost. At least she won't be alone. She'll have a few shifter friends and wildcard Alex Parker along for the ride. She doesn't trust Parker, but who could trust someone sent by a faceless corporation to kill them? Secrets from Alanna's past will finally come to light as she gathers strength for the final battle. How far will she go for love? Will there be anything left of the woman she was when the dust settles?
