**Von R.A. Salvatore : Sojourn: The Legend of Drizzt, Book III** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sojourn: The Legend of Drizzt, Book III:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Yes, it 's

still a good series Von Dandeleokay, third book. Develops the plot and characters very nicely and still adds more innovative ideas on the way. It is hard to fault the style of writing of Salvatore - it drags you into the story, makes you feel for the characters (good or bad), and leaves you wanting more. Not a predictable series, not a put-downable series. Worth the money and time investment over three books. Certainly look out for any more Salvatore work. Normally I try not to rate in the Fives, but this is worthwhile. Not only for people who play role-playing games, these are not books that cannot be read by outsiders to gaming fantasy. These stand up well against such classics as Wizard of Earthsea and Lord of the Rings - but don't expect the same style of writing. Easier to get into and through. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Sci-Fa and Moral dilemmas meet Von Ein Kunde A book that opens one of the greatest series written in Sci-Fa. This book attempts, and succeeds, to leave the normal Hack-N-Slash style and write a story about one person, stuck in the middle of his personal hell - a society that defines all of his beliefs. The story tells about his struggle to escape the way of life and fate that awaits him in his home and his hope for better life. None can read Drizzt's thoughts and not get stung with thoughts of his own ... 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Dark Elf Trilogy is a true masterpiece! Von Ein Kunde As an avid reader of Sci-Fi/Fantasy, and a long-time fan of such authors as Tolkien, Bova, and LeGuin, you can well imagine my initial reaction when a friend recommended these books to me. The role-playing section of my local bookstore wasn't one I was in the habit of visiting (even though I did play Dungeons Dragons as a teen). I always assumed that the TSR books were nothing more than pulp, not worthy of a second glance. Boy, was I wrong. Salvatore effectively uses TSR's Forgotten Realms world as a backdrop for a story that is as unique as it is readable. He creates a society whose members thrive on evil, and breathes life into his creation like a dark god. If you've ever played DD, and want to know exactly what the term "Lawful Evil" means, look no further for an explanation. Salvatore's antagonist characters are truly despicable, and lend a great deal to the Drow society's plausibility. Throughout the series, Salvatore brings to light many social and moral issues that easily translate to real life, while keeping the pace of the read fast with breath-taking swordplay and action scenes that will have you running around your kitchen with a broom handle (assuming you don't have a scimitar lying about...). All in all, a HIGHLY recommended read for anyone who enjoys the fantasy genre.

Kurzbeschreibung Now in paperback, the third installment in the classic tales of the Legend of Drizzt. When a lone drow emerges from the Underdark into the blinding light of day, the Forgotten Realms world will be changed forever. From the Paperback edition. Kurzbeschreibung Now in paperback, the third installment in the classic tales of the Legend of Drizzt. When a lone drow emerges from the Underdark into the blinding light of day, the Forgotten Realms world will be changed forever. From the Paperback edition. Synopsis After abandoning the perils of the underdark, Drizzt Do-Urden, the renegade dark elf, battles to survive in the harsh surface world and to gain acceptance from the surface-dwellers.
